2024 Bring Your Own Device Program

All students at Whittlesea Secondary College need to have a computer as a basic tool for learning. Having access to a device in class enables students to lead elements of their academic and vocational growth, collaborate with their peers and access resources in ways that reflect 21st Century e-literacy standards. We encourage families to purchase digital copies of all resources to reduce their overall costs and reduce the burden of students transporting bulky textbooks. All digital resources can be access from our cloud based learning management system (LMS), Canvas.

Parents and carers should refer to the Whittlesea Secondary College website: <https://whittleseasc.vic.edu.au/> for further information about the 2024 BYOD program and our minimum specifications for devices. (<https://whittleseasc.vic.edu.au/teaching-learning/elearning/>). New devices can additionally be purchased or leased through our preferred supplier Learning with Technologies (<https://whittleseasc.orderportal.com.au/Welcome?eid=605&ofid=1551>).

General Stationery

To provide parents and carers with flexibility, we have provided our recommended stationery on the college website. We encourage parents and carers to download this list and purchase any required items from their own preferred stationery supplier.
